RESTAURANTS.

U. E. BAILEY, Proprietor,

Southeast corner Hancock and Green Sts.

THE EYE ABOVE ESTABLISHMENT

It is now open, and will be served constantly with the best market effects, both edible and drinkable.

The public are invited to give me a trial.

CHARLIE'S EXCHANGE,

No. 92 Third street, bet. Market and Jefferson.

I AM PREPARED TO SUPPLY THE

public with the best LIQUORS, WINES, &c., to be had in the market.

Thankful to my friends and the public generally for their continued patronage.

Charles Eden, Agent for J. FARRO'S CELEBRATED Baltimore OYSTERS, which he will sell at the lowest market price.

DECEMBER 3, 1858.

Presidential Candidates.

Those who have favorites for the President.

Two years ago I was a lucky man who is.

Two years with no favoritism.

Small matters can be magnified at every turn, and an adverse opinion may be disastrous.

Two men, named James Wilson and

James Harmon, both employed in a steam

mill, near Stearns, in this country, the early

part of last year, were in Stooper, and it

is said, got into a dispute.

It appears that Wilson, who, it is said,

had been a Christian, struck a brother of Harmon with a

chisel, in a bar-room at Henderson—from the

effects of which he has scarcely recovered.

Measures, our peaceful and law-abiding

community were shocked on last week, by

the facts in the case, as far as I was con-

cerned.

Two men, named

DEMOCRAT.
PRINTED AND PUBLISHED
Harney, Hughes & Co.,
EAST SIDE OF THIRD STREET,
BETWEEN MARKET AND JEFFERSON.
FRIDAY.....DEC. 3, 1855.

DEMOCRATIC MEETING!

JEFFERSON COUNTY!
AT JEFFERSONTOWN, KY., ON
SATURDAY, DEC. 4TH!

There will be a meeting of the Democracy of Jefferson County at Jeffersontown, Ky., on Saturday, Dec. 4th. The object of this meeting is to appoint delegates to the Convention at Frankfort on the 5th of January. A full attendance is requested.

DEMOCRATIC MEETING IN THE SEVENTH AND EIGHTH WARDS.

The Democracy of the Seventh and Eighth Wards will hold a meeting on Saturday evening next, December 4th, at Clark's School room, corner of Tenth and Walnut streets, for the purpose of appointing delegates to the Eighth of January Convention. A general attendance of the party is requested. Turn out! Turn out!

Tobacco Inspector.

The Board of Common Council met last night, and again took under consideration the petition of the trade in relation to the competency of the present incumbent, Col. Jessie Bayles.

After a great deal of talking and arguing on two or three motions at once, and correcting the minutes, Mr. Barbee, from the Sixth Ward, and one of the committee appointed by the Council to investigate into the qualifications of Col. Bayles, moved that the testimony which the committee had, should be read, which was carried. After reading the report of the majority, and the minority report, a motion was made to table the whole, which was lost. The motion before the house then was, on the adoption of the report of the committee, which embodied a resolution to the effect that Col. Bayles was incompetent, and that the office be declared vacant, which was carried by a vote of nine to five. It was then sent up to the Board of Aldermen. And after a great deal of arguing, a motion was made by Mr. Hall, that Col. Bayles shall inspect thirty hogsheads of tobacco; that the trade should appoint a man whom they deemed qualified to act as Inspector, who should go after Col. Bayles, and, on oath, state whether he believed Col. Bayles qualified to act as Inspector, which was carried by a vote of four to three. And thus the matter still remains open; and it may take some three or four meetings of the Board, before the matter is definitely settled.

BURGLAR PROOF SAFE.—We saw a few days since, and examined, one of Capt. A. C. Harig's burglar proof safe, manufactured at the Kentucky Lock Works, and intended for the Glasgow Branch of the Northern Bank of Kentucky. This splendid safe was expressly built for the use of this institution, at the above-named place. It is, beyond a doubt, one of the handsomest, strongest, and best pieces of work that has ever been manufactured in Louisville, or in the West. Capt. A. C. Harig has used his utmost ingenuity and peculiar genius in the manufacture of this splendid piece of "work"; no safe could be made, in our judgment, better adapted for an institution like the Northern Bank. Its walls are composed of third-inch iron, and half-inch steel, and fourth-inch iron. The bolts are of steel, and the hinges are of the same material, and are of sufficient strength to cut glass or any other hard substance. This safe is not only burglar and fire-proof, but is to be placed within one inch of fire, which will make it double fire-proof. It is furnished with one of Capt. A. C. Harig's new combination locks, so that the ingenious thief who attempts to intercept, in any way, will be perfectly thwarted.

Capt. Harig has also in course of construction a burglar proof safe for the Branch of the Bank of Kentucky, located at Hopkinsville, Kentucky. Nearly, or quite all, of our State institutions have tested the sterling ability of our friend, Capt. Harig, in the construction of safe and locks; they all bear testimony of his great skill in the construction of safe and locks, which are the best in Europe or this country, by all odds. It is said by those best posted, that he excels, as has been demonstrated, even the great Hobbs. At his establishment, on Third street, in the old post-office building, he may be always found, ready to explain the operations of his very wonderful invention.

THE CONCERT.—Masonic Temple was very well filled last night, and the concert gave unmistakable pleasure. We have not room to notice it in detail, so we should be pleased to do so. Miss Scheidler sang with her usual excellence, so did Messrs. Dolinger and Whipple, the performance by Messrs. A. E. Zoller, Edelman, Lederitz and Cherrier were excellent; the latter is certainly a very superior pianist, and come here, we learn, to settle. We hope to have another concert soon, of the same excellent character as that of last night.

THEATER.—The house was crowded last night; we dropped in long enough to see the piece of nonsense as announced. It is certainly a most capital piece of nonsense, and kept the house in a roar of laughter. To-night, Mr. and Mrs. Florence take their benefit. Give them a good house.

ARMED.—Chief Ray arrived last night on the mailboat with a man named Wycoff, or Brown, whom he arrested yesterday, for robbing a man named Taylor. A part of Taylor's money was found on the person arrested. If Mr. Taylor is in the city, he will please call at the Police office this morning, at nine o'clock.

IN THE INDIANA SENATE, on Thursday, a bill was passed, instructing the Committee on Banks to inquire into the expediency of prohibiting the emission, by the Banks of that State, of bills less than ten dollars; and providing a suitable penalty for circulating, within the limits of the State, bills of a less denomination than the above named sum.

THE GALLANT EXAMINER says the famous race horse Pot-Sos, has been sold by the Messrs. Caly, of that place, to T. B. Foulds, Esq., of Louisiana. He was sold with a black Albion colt, for \$2,450. Pot-Sos has, probably, with much reputation throughout the South as any horse on the turf, and under his new management, we may look for brilliant achievements.

VERY SUPERIOR BRANDIES IN BOTTLES AT AUCTION.—Those wanting an A. No. 1 article of brandy, would do well to attend the auction sale of Messrs. S. G. Henry & Co. this morning, Friday, at auction rooms.

WE give the city authorities credit for active measures in the improvement of Third street, between Jefferson and Market. It was indeed, greatly needed.

ALL those who desire to see what home workers can do, when they have an opportunity, should go and see the new Circuit Court room.

THEY were few arrests yesterday, the city being pretty quiet, excepting a fight, which was spread of in another place.

HOGS.
The operations yesterday were as follows:

RAISED	IN PENNS.	TOTAL
450	1,281	56,017
1,200	1,008	12,762
1,000	1,000	10,000
1,260	7,935	9,727
540	2,049	8,503
1,200	4,500	14,500
1,360	2,060	24,203
	1,860	1,860
TOTAL	21,574	160,655

The receipts of yesterday were 10,335, showing an increase over our last report of 2,785. Rates remain unchanged. We have not heard of any sale at prices above \$6.50. The above table shows the total receipts, up to last evening, to be 185,229.

The Cincinnati Commercial, of yesterday, says:

A firm feeling, perhaps bumptious, for choice heavy Hogs characterizes the market. Buyers being plenty for such as will make good meat, and quite willing to take the offerings at \$75 to \$700; in the meanwhile sellers ask an advance, and are asking \$7.25, without obtaining it so far. Previous quotations for pieces and hams are quoted, but are not yet published.

The market is sustained on no other basis than the assumption that there is a deficiency in the crops, and all other facts which affect the market, for the product seem to be entirely ignored or overlooked, especially that an increased cost of all articles of food diminishes considerably the amount of money available.

The market is more experienced and sagacious of our operators can afford to, and are keeping out of the market on individual account.

The Vincennes Sun, of the 30th, says:

Hogs have been coming in pretty freely since our last, and prices have been well maintained, with sales of some extra at \$6.25. We quote the range \$5.75 to \$6.25.

At Olney, Ill., prices range from \$5 to \$5.50.

A correspondent from Garnettville gives an account of the death of a venerable lady, Mrs. Ellen Carico, of that neighborhood, in the eighty-fifth year of her age. She and her husband immigrated from Maryland in early times. They, with four other families, landed at the mouth of Beargrass, when Louisville was a small village. They first settled in Washington county, and after one or two changes of residence, they settled near Garrettsville, about twenty years ago. There their husband died, and there she resided until the time of her death. She passed through many vicissitudes of life; and throughout, set an excellent Christian example. It is to be regretted that the reminiscences of these early pioresses should pass away with them.

MR. Aquilla Jones, of Indianapolis, Indiana, desires the office of agent of the State, which it was expected he would be elected to. That all Democrats would decline any office from the present Legislature of that State, is evident.

We noticed workmen engaged yesterday in moving the paving from the old wharf, on the South bank of the creek, preparatory to filling up. It would be vastly better for the city and commerce to hurry up the sewer, and fill in the old channel.

NEW RED RIVER PACKET STARLIGHT.—This is the name of another new steamer just completed at our wharf, for the Red River trade, under the immediate supervision of the Messrs. Hays. Her hull is of fine model and light draught. Her cabin is neat and comfortably arranged, and furnished in the best manner, with carpets, curtains, silk oil cloths, blankets, &c., from the famous houses of Ilite & Small; furniture by John Simms; upholstery by H. W. Wohlbom; queenwear by Cassedy & Hopkins; gilding by Hogan & Scott; iron work by A. Baker; hull, by Samuel King, is 170 feet long, 33 feet beam, 30 feet floor, 6 feet hold; engines by Myers, Glover & Co.—two engines, 20 inch cylinders, 7 feet stroke; cabin by H. McClure & Co. She has capacity for carrying 2000 bales cotton, and has fine passenger accommodations. She will leave for New Orleans, Saturday, at 4 o'clock.

We took a look through this new boat yesterday, and were very much pleased with her general appearance. She is fitted in the latest and most approved style, and will, we hope, prove a mine of wealth to our clever friend, Charley Hayes.

Captain Logan, of the Eolian, has completed arrangements and secured the Polar Star, which he will place in the Louisville and Evansville trade, under the name of the Polar Star, which is on the corner of Fourth and Main streets. His manufacturer is on Fourth street, between Market and Jefferson streets, east side. He keeps always on hand a large stock of trunks, carpet bags, valises, ladies' bonnet-boxes, &c. Those who wish a good sole or hard leather or packing-trunk, will find a large stock on the corner of Fourth and Main. Mr. McCleary enjoys the reputation of being one of the largest and best trunk manufacturers in the West, and sells his articles at fair rates.

WE are gratified to learn that the stockholders of the Southern Pacific Railroad are paying up bravely, and capitalists are beginning to appreciate the value of the enterprise. The ill-fortune of the work had damaged the prospect of stockholders; but the crisis is past, and the road will soon be going ahead again. If any have not paid up, let them come up forthwith.

COAL.—See advertisement of Charles Miller & Co. They have a very large stock of Pittsburg and Cannel coal, which they are selling at fair prices. Their office is on Fourth street, below Main, west side.

COAL.—A couple of little boys had a fight yesterday on Green street. They went at it scientifically; in fact, like *Bengal boys*. They succeeded in pummeling one another pretty well, when their respective mothers came out, and came near having a fight *in terro*, but they gradually simmered down.

THE President and Directors of the Louisville and Nashville Railroad Company have advertised for proposals for the construction of the Memphis branch road from Bowling Green to the State line. The 25th of the present month is the time designated for opening said proposals.

MARRIAGE OF KINDRED.—A bill has passed the House of Representatives of Georgia, by a vote of fifty-six to fifty-two, prohibiting the intermarriage of first cousins, under a severe penalty, and making of all the inheritance of the wife of a first cousin to her husband, and to her children, for the protection of the rights of her husband and others to whom any infringement of their rights may be done.

COAL.—See advertisement of Edward Wilder & Co. They have a very large stock of Pittsburg and Cannel coal, which they are selling at fair prices. Their office is on Fourth street, below Main, west side.

COAL.—A man, whose name is not given, shot himself near Bruceville, Ind., last week, while gunning. The load entered under his chin, and a portion came out of his mouth. He is thought to be mortally wounded.

COAL.—See advertisement of John Duncan & Sons, 40 Broad street, New York.

COAL.—A stock in store. Also, orders received for direct shipment from England.

DAILY DEMOCRAT.

READING MATTER ON EVERY PAGE.

Jeffersonville Railroad.

On and after Monday, July 12, 1858, trains on the Jeffersonville Railroad will leave Jeffersonville, opposite Louisville, at 6:30 A. M., 10:50 A. M., and 10 P. M., daily, Sundays excepted.

Those connections made by the 10:50 A. M. and 10 P. M. at Seymour with trains on the Ohio and Mississippi R. R., for St. Louis, Mount City, Cairo, Jefferson City, Kansas, Quincy, and Keokuk.

The 6:30 A. M. and 10 P. M. train run through to Indianapolis, connecting at Seymour with the Terra Haute, Lafayette, Peru, Indianapolis, and Indiana Central Railroads, and the principal cities in the East, West, and North.

The 10 A. M. train connects at Seymour with trains on the Ohio and Mississippi Railroad for Cincinnati.

The 10 P. M. train on Saturdays only goes to Seymour, where connections are made for Cincinnati, St. Louis.

One train on Sunday, at 10 P. M., running through to Indianapolis, connecting at Seymour for St. Louis and Cairo, also Cincinnati and the East, and at Indianapolis for the principal cities East, West, and North.

Only one change of cars made at Louisville, no connection with Chicago.

Baggage checked to all the principal cities. All changes of cars made by trains running into the same depots, thereby avoiding annoying Omnibus rides incidental to other routes.

Time as quick and fare as low as by any other route.

For fares and further information given at the Company's Office, No. 307 southeast corner of Main and Third streets, Louisville, Ky., or at the depot in Jeffersonville.

Special Notice—To the Public.

During the brief period that Dr. John Bull's Compound Pectoral or Wild Cherry has been exhibited in this city for sale, hundreds of bottles have been disposed of, and they have in every case given entire satisfaction in all cases of Coughs, Colds, Asthma, Consumption, &c. Are you aware that a "cough" is not always treated, because it is in "Consumption?"

"Be well in time," says Dr. John Bull's Compound Pectoral of Wild Cherry, and you are safe. "An ounce of preventive is better than a pound of cure."

It is sold by all respectable Drugists every day.

DANCING AND

CALISTHENICS!!

M. R. STAWELL, FROM HER MAJESTY'S THEATRE, London, and many years Instructor to the Queen of England, and the Infants of Louvain, now at Her Majesty's Theatre, on Second Street, between Market and Jefferson.

Hours of Practice—From 3 to 6, on Monday and Thursday evenings, from 8 to 10 at Mr. Stawell's residence, on East street, between Green and Valentine.

FOR SALE, RENT AND HIRE,

FOR SALE.—1 NEGRO MAX, AGED

THREE YEARS.—\$100.

Negro Neuan, aged twenty-six; Negro Boys, aged twelve.

Two Negro Men, aged twenty-four, for hire.

R. E. DEAN, Agent.

No. 8, Jefferson, bet. Fourth and Fifth.

FOR SALE—VALUABLE LAND—I offer to sell 670 acres of LAND, near Birds Hill, in the County of Etobicoke, Ontario, Canada, for \$2000 per acre.

The Land is of superior quality, bounded by the Rock Creek on one side. There are between 100 and 150 acres of land, and the rest is a large and part a sun-baked forest of timber.

Rising from the river, there is a series of bottom of land, composed by more in the valley, and the top, which gently undulating, presents a fine view of the surrounding country.

There is a large amount of timber, including spruce, hemlock, white pine, birch, poplar, ash, cherry, maple, and the like.

There is a large amount of stone, including granite, limestone, and the like.

There is a large amount of water, including water, timber, locality, and the means of transportation, including roads, trails, and the like.

These goods were selected by me in person, and for beauty of fabric and elegance of style, no one can be excelled.

An examination is respectfully solicited.

MICHAEL J. HEATTE, M. J. HEATTE, Agent.

No. 109 Fourth Street, bet. Market and Jefferson.

FOR SALE.—2.—THE ALICE MONROE

was a total wreck. She was insured in this city for \$5,000.

New York, November 3.—General Pace embarked on his tour to South America, via California, for Venezuela. He ap-

peared to be much indisposed from the effects of the recent accident, and was carried on a litter supported by soldiers. Major Tiemann and other city officials. The military escort was probably the last boat.

Boston, Dec. 2.—The ship Alice Monroe, from Liverpool for New Orleans, has been lost.

Montreal, Dec. 2.—Navigation closed at this point. The steamer Boston arrived at Rouses Point, 19 hours from Burlington, breaking through the ice for ten miles. She is within the next two days.

Boston, December 2.—The Alice Monroe was a total wreck. She was insured in this city for \$5,000.

New York, November 3.—General Pace embarked on his tour to South America, via California, for Venezuela. He ap-

peared to be much indisposed from the effects of the recent accident, and was carried on a litter supported by soldiers. Major Tiemann and other city officials. The military escort was probably the last boat.

Boston, Dec. 2.—The ship Alice Monroe, from Liverpool for New Orleans, has been lost.

Montreal, Dec. 2.—Navigation closed at this point. The steamer Boston arrived at Rouses Point, 19 hours from Burlington, breaking through the ice for ten miles. She is within the next two days.

Boston, December 2.—The Alice Monroe was a total wreck. She was insured in this city for \$5,000.

New York, November 3.—General Pace embarked on his tour to South America, via California, for Venezuela. He ap-

peared to be much indisposed from the effects of the recent accident, and was carried on a litter supported by soldiers. Major Tiemann and other city officials. The military escort was probably the last boat.

READING MATTER ON EVERY PAGE.

Sandwich Islands.

The advice from Honolulu are to the 7th of October, "The Pacific Bulletin," in its summary of the news, says:

The Advertiser of the 7th, has reports from about sixty-five whalers cruising in the Ochotsk. Most of the reports reach only to the middle of June. The accounts received are very good, and indicate that the Ochotsk fleet will come back to port in August or September, in larger aggregate. From the Arctic the reports improve very slowly, and there are but little chance of that fleet turning anything but a very small average—much below that of previous years.

The many Major arrived at Honolulu on 6th with news of the successful battle of the Atlantic telegraph cable. On receipt of the news, says the Advertiser, salutes were fired from several of the clipper ships in port, and the church bells rang. The Fanny Major arrived with the American and English flags flying together at the peak. Nearly all the ships in port had done the same, and many more were flying from every flagstaff in Honolulu. At noon a salute of one hundred guns was fired on the esplanade.

The Honolulu Advertiser, of Sept. 23d, says:

One of the first news items we have ever seen in the marine news line was that which occurred on Thursday last. At 2 o'clock, P.M., the clipper ship E. F. Willets came round the Head; at 3 o'clock she was followed by the Skylark, at 4 o'clock by the Raduga, and at 5 o'clock by the West Wind. Each of the other just one hour apart. The three first were bound for San Francisco, and the Skylark, 23 acres of Land, one mile from the city of New Haven, Conn., and the Raduga, 10 miles south of Elizabethport, Ky., and the West Wind had rung up the railroad and turned northward to the Ohio River. The E. F. Willets had an even start, the E. F. Willets failed, being beaten. The West Wind sailed on the 2d, and made the shortest passage by two days.

On 1st October, H. B. M.'s ship Calypso arrived from Honolulu on San Francisco. She was to leave in a few days for Kailua, and thence to Hilo; and then would return to Honolulu.

Miss Antoinette Anne was playing at the Honolulu theater in the Hunchback, *The Lady of Lyons*, &c.

The American schooner John Dunlap was captured by the Rebels at the 5th of Sept. for violating the revenue laws. Capt. John Dunlap, was sentenced to pay a fine of \$100, and to labor on the public works till the fine and costs were paid. The vessel was then released.

OUR DIFFICULTY WITH PARAGUAY.—A correspondent of the London Daily News, who states that he has but recently returned from Paraguay, where he had long resided, asserts that the Republic has no good cause of complaint with the Federative Government, for stating that the expedition sent out by the American Government, has for its avowed object, to enforce reparation—first, for alleged injustice toward the late American Consul at the Paraguayan capital, Asuncion, viz.: Mr. Hopkins, and certain Americans, who in his opinion, were ill-treated, and chafed him, and he was bound to make good a good investment.

He speaks of Grand 200 feet square, in the year of 1840, in Colonia, III., and immediately after, of the great increase of population, and

the rapid growth of the country, and, finally, of the great number of farms in Wood county, Illinois, and adjoining the Saline Coal Company lands. This land is said to possess a fine soil, and is well cultivated, and the western country, Pitt's Ferry, etc., is said to be a good investment.

He speaks of Grand 200 feet square, in the year of 1840, in Colonia, III., and immediately after, of the great increase of population, and

With regard to ex-Congressman Hopkins, if Commissioner Bowlin will impartially inquire into his conduct, he will find that he is innocent, and the American Company at Asuncion, who favored his removal from his position, will be compelled to do so.

He speaks of Grand 200 feet square, in the year of 1840, in Colonia, III., and immediately after, of the great increase of population, and
